

Sommarflorsprogram 2021

## I KÄRLEKENS TECKEN

*2021 behöver vi mer omtanke än vanligt efter en lång tid av pandemi då många har behövt vara ifrån nära och kära. Årets tema "I kärlekens tecken" tolkar våra varma känslor på olika sätt. I fylliga färger av klarrött, mörkrött och gammelrosa och med eldiga accenter i orange och gult sprider sommarblommorna kärlek till Täbys invånare.*
